

## Available Resources

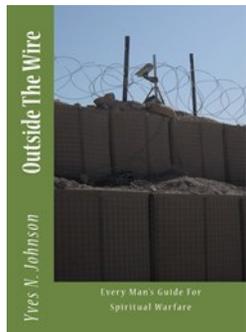

**Outside the Wire:** Explains the on-going daily spiritual war we face. Satan is doing everything he can to stop us from being the Christians that we should be. Some Christians feel strong and empowered while inside the church but struggle when they are outside the church (outside the wire). This book will

help you stand strong as well as help your fellow Christians in this area. You will discover biblically sound ways to stand in the face of temptation. **This is a superb resource for men or small groups.**

**There Is No Gray In Moral Failure:** Explores two troublesome but seldom confronted issues in Christianity today--sexual and financial misconduct. We look at how both the clergy and Christians failure in these areas damage Christianity's image. We also discuss how we can help bring them back into the fold as well as set up plans to

mitigate these issues. **This book is a restoration tool which allows fallen people to be returned to the body with love and dignity. It also serves as preventative measures to help protect your church from these failings.**

## Who Are We

Christ Is My Savior Ministries (CIMS), LLC is a 501(c)(3) "pending" Christian ministry. We are dedicated to collaborating with Pastors and leaders in equipping both the body of Christ and Christian organizations in completing His ministry.

We accomplish this through sound biblical teachings. We serve as an additional arm of the church; while not being limited by the boundaries of Christian denominations.

## What We Do

This ministry conducts seminars, workshops, and Keynote addresses to assist in leadership, staff, and congregational development. We tailor our seminars and workshops to your organizational or church needs. Each seminar and workshop is scalable from a one-hour session to a weekend presentation. The seminars and workshops are designed to help participants in becoming effective leaders and developing stronger Christian character. The seminars and workshops are designed not just to inform but transform participants to work in the ministry our Father has set for them.

CIMS also conducts extensive and interactive Men's Ministries seminars. Our goal is to provide men with training that will help develop Godly character and equip them to influence the world for Christ. We achieve our mission by following the outline Jesus used in teaching His disciples by equipping and encouraging men to study and share their faith. In doing so, they will help transform not only their families but society itself.

## Synopsis of Seminars & Workshops

### Call To Duty

This high-impact seminar equips men on how to:

- ◆ Prepare daily for the spiritual warfare

## Strengthening Others

## Through God's Word

Having a strong foundation is the key to the success and growth of any organization. People are our greatest assets. That's why it is important for us to help them to develop and use their God-given talents for His glory.

We have designed seminars and workshops to help you to accomplish this goal. Our programs will help you train and develop your staff and congregation to use their talents to further His message to the world.

As Christians, we carry the great pleasure and responsibility to show a skeptical world how to live for Christ. All of our programs are geared to cross denominational lines while staying true to God's word. Let us partner with you so we can help you in strengthening, equipping and encouraging the people within your church or organization.
